An exception shall be made in the case of retaining walls not to exceed twenty-four inches (24") above the ground. Notwithstanding the foregoing, the Architectural Committee is empowered to waive the aforesaid height or setback limitation in connection with retaining walls and decorative walls if, in its sole discretion, such waiver is advisable in order to accommodate a unique, attractive or advanced building concept design or material and the resulting decorative wall and/or retaining wall will not detract from the general appearance of the neighborhood. No chain-link fences may be built or maintained on any Lot.

(B) Subject only to Section 3.34 and Section 8.04 below in the event a Lot owner desires to build a fence along the boundary lines of any Lot, all owners shall be required to build a six (6") foot privacy fence, made of standard grade cedar or fir and of a design approved by the Architectural Committee. Any fence built in accordance with the terms of this Section shall thereafter be maintained by the owner of the Lot upon which it is situated. Owners may have other type fences that are approved by the Architectural Committee that are located in the back yards of homes, provided such fences run parallel to the drainage easement located on such Lot. The purpose of such fences are to enclose pets but not obstruct the view of the vegetation located within the drainage easements.

3.27 Animals - Household Pets. No animals, including pigs, hogs, swine, poultry, wild animals, horses, cattle, sheep, goats or any other type of animal not considered to be a domestic household pet within the ordinary meaning and interpretation of such words may be kept or maintained on the Property. No domestic household pet shall be allowed to make an unreasonable amount of noise, or to become a nuisance, and no domestic pets shall be allowed on the Property other than on the Lot of its Owner, except when confined to a leash. No animal may be stabled, maintained, kept, cared for or boarded for hire or remuneration on the Property and no kennels or breeding operation shall be allowed. No domestic household pet shall be allowed to run at large and all of such pets shall be kept within enclosed areas which must be clean, sanitary and reasonably free of refuse, insects and waste at all times. Such enclosed area shall be constructed in accordance with Plans and Specifications approved by the Architectural Committee, shall be of reasonable design and construction to adequately contain such animals in accordance with the provisions hereof, and shall be screened so as not to be visible from any other portion of the Property. No more than three (3) adult dogs and three (3) adult cats may be kept on a single Lot. All domestic household pets shall be kept in strict accordance with all local laws and ordinances.

3.28 Sports Equipment. No basketball goals or backboards or any other similar sports equipment of either a permanent or temporary nature shall be placed within thirty feet of the front property line of any Lot without the prior written consent of the Architectural Committee.

3.29 Maintenance of Lawns and Planting. Each Owner shall keep all shrubs, trees, grass and plants of every kind on such Owner's Lot cultivated, pruned, and free of trash and other unsightly material. Trees, shrubs, vines and plants that die shall be promptly removed. Developer, the Association and the Architectural Committee shall have the right at any reasonable time after not less than ten days notice to owner and an opportunity to cure any violation of this provision, to enter upon any Lot to replace, maintain and cultivate shrubs, trees, grass or other planting located thereon, and to charge the cost thereof to the Owner of the Lot as provided in Section 5.04(E) below.

3.30 Landscape Design. All landscaping shall be designed so as to protect and promote, as far as practicable, the natural local landscape environment through use of native materials, natural drainage, indigenous plant selection and site design. All landscaping designs shall:

(A) Wherever possible, save and incorporate into the Plans and Specifications existing trees with trunk diameters of four (4) or more inches. To insure the viability of these trees, soil compacting, trenching and/or cut and fill shall be avoided, to the greatest extent possible, in the area defined by the trees' drilling.

(B) Maintain or enhance, wherever possible, existing vegetation within drainage easements to prevent erosion, siltation, or impediment of runoff augmented by development.

(C) Install live, growing sod covering the front and side yards, within the first to occur of (i) thirty (30) days of occupancy of any residence or (ii) within twelve (12) months of the pouring of the foundation for any residence constructed on a Lot, and/or an equivalent substitute which achieves as satisfactory a ground cover in approximately the same period of time in the backyard, all such ground cover to be indigenous to the area, and maintained in a healthy and growing condition. All front yards must be sodded and sprinkled from the curb to the house of front flower bed.

(D) Within twelve (12) months from the pouring of the foundation, two (2) trees of at least two inch (2") diameter must be either planted or maintained in each yard.

3.31 Construction and Sales Activities. Notwithstanding any provision herein to the contrary, this Declaration shall not be construed so as to unreasonably interfere with or prevent normal construction activities during the construction of Improvements by an Owner (including Developer) upon any Lot within the Property, or the sale of any Lot thereafter. Specifically, no such construction activities shall be deemed to constitute a nuisance or a violation of this Declaration by reason of noise, dust, presence of vehicles or construction machinery, posting of signs or similar activities, provided that such construction is pursued to completion with reasonable diligence and conforms to usual construction practices in the area. No building material of any kind shall be placed or stored upon any Lot until the Owner thereof is ready to commence Improvements, and then the material shall be placed within the property lines of the Lot upon which the Improvements are to be erected and shall not be placed on the street or on any other part of the Property. In the event of any dispute regarding such matters, a temporary waiver of the applicable provision may be granted by the Architectural Committee, provided that such waiver shall be only for the reasonable period of such construction. At such time as the Developer ceases using any portion of the Property as a model home or sales office, the affected Property shall be altered and/or remodeled, if necessary or desirable, to comply with the covenants and restrictions contained herein. All concrete construction equipment or excess concrete shall be washed out on the Lot where concrete is being poured and no other place in the Subdivision.

3.33 Mailbox. Mailboxes shall be erected and maintained on each Lot upon which a residence is situated, and shall be fixed on masonry or decorative cast metal stanchions (columns), approved by the Architectural Committee. No other metal post stands shall be permitted. Each mailbox shall be new when installed, constructed of durable steel or aluminum, and of a size and shape conforming to postal authority standards for single family residential postal depositories. Mailboxes shall be located on the curb in accordance with postal regulations.

3.34 Sight Lines. Measurement shall be by chord, not by arc. No tree shall be permitted to remain within such areas, unless the foliage is maintained at sufficient height to prevent obstruction of such sight lines.

3.35 Occupancy. Each lot shall be occupied by no more than one Family. A "Family" shall mean the Owner or Owners of record of a Lot and persons related to such Owner or Owners of record within the first degree of relationship, plus no more than one other person.

3.36 Compliance with Provisions of Restrictions. Each Owner shall comply strictly with the provisions of the Restrictions as the same may be amended from time to time including those for each Phase. Failure to comply with any of the Restrictions shall constitute a violation of this Declaration, and shall give rise to a cause of action to recover sums due for damages or injunctive relief or both, maintainable by the Board on behalf of the Association or by any aggrieved owner. Developer, for itself, its successors or assigns, reserves the right to enforce these restrictive covenants, though it may have previously sold and conveyed all subdivided Lots controlled by these covenants within the Property. The reservation of this right of enforcement shall not create an obligation of any kind to enforce the same.

3.37 No Warranty of Enforceability. While Developer has no reason to believe that any of the restrictive covenants or other terms and provisions contained in this Article III or elsewhere in this Declaration are or may be invalid or unenforceable for any reason or to any extent, Developer makes no warranty or representation as to the present or future validity or Enforce ability of any such restrictive covenants, terms or provisions. Any owner acquiring a Lot in reliance upon one or more of such restrictive covenants, terms or provisions shall assume all risks of the validity and Enforce ability thereof and, by acquiring the Lot, agrees to hold Developer harmless therefrom.

ARTICLE IV
MAINTENANCE AND SET BACK REQUIREMENTS

4.01 Outbuildings. Every outbuilding, inclusive of such structures as a detached garage, storage building or greenhouse, shall be compatible with the dwelling to which it is appurtenant in terms of its design and material composition. In no instance shall an outbuilding, other than a detached garage, exceed one (1) story in height or have total floor area in excess of ten percent (10%) of the floor area of the main dwelling.

4.02 Building Height. No Improvement greater than thirty-two (32) feet in height may be constructed on any Lot without the prior written approval of the Architectural Committee. For purposes of this paragraph, height shall be measured from the foundation slab of the proposed Improvement to the ridge line of the roof of the proposed Improvement.

4.03 Set-back Requirements. No building shall be located or erected in violation of or encroaching upon the standards set by the City Ordinances of the City, of College Station for the lot or tract concerned. Notwithstanding the above language, the minimum front setback on all lots shall be forty (40) feet.

(B) In addition to the votes to which Developer is entitled by reason of Subparagraph (A) of this Section, for every such vote Developer shall have three (3) additional votes, until such time as the votes described in Subparagraph (A) of this Section, owned by Owners other than Developer, total in the aggregate sixty-six and two-thirds percent (66-2/3%) of the total number of votes outstanding under Subparagraph A. Thereafter Developer shall have only the votes, if any, to which it is entitled under Subparagraph (A) of this Section.

5.04 Powers and Authority of the Association. The Association shall have the powers of a Texas nonprofit corporation, subject only to any limitations upon the exercise of such power as are expressly set forth in this Declaration. It shall further have the power to do and perform any and all acts which may be necessary or proper for or incidental to the exercise of any of the express powers granted to it by the laws of Texas or by this Declaration. Without in any way limiting the generality of the two preceding sentences, the Association, and the Board acting on behalf of the Association, shall have the following powers and authority at all times:

Any one or more of said members may appoint another person (including another member of said Committee) to act as his Agent on said Committee with full authority. The Architectural Committee shall have the authority to disapprove any proposed Improvement based upon the restrictions set forth in the preceding sentence and the decision of the Architectural Committee shall be final and binding so long as it is made in good faith. The Architectural Committee shall not be responsible for reviewing any proposed Improvement, nor shall its approval of any Plans and Specifications be deemed an endorsement, from the standpoint of structural safety, engineering soundness, or conformance with building or other codes not of its authorship.

6.08 Actions of the Architectural Committee. The Architectural Committee may, by resolution unanimously adopted in writing, designate one or two of its members or an agent acting on its behalf to take any action or perform any duties for and on behalf of the Architectural Committee. 6.09 No Waiver of Future Approvals. The approval or consent of the Architectural Committee of any Plans and Specifications for any work done or proposed, or in connection with any other matter requiring the approval or consent of the Architectural Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any other Plans and Specifications, or other matter whatever, subsequently or additionally submitted for approval or consent by the same or a different person.

ARTICLE VII
FUNDS AND ASSESSMENTS

7.01 Assessments.

(A) The Association may from time to time levy Assessments against each Lot whether or not improved. The level of Assessments shall be equal and uniform between all Lots in all phases of the Nantucket Subdivision being developed by Developer, provided, however, that no Assessments hereunder shall be levied against Developer or Lots owned by the Developer.

(B) Where the obligation to pay an Assessment first arises after the commencement of the year or other period for which the Assessment was levied, the Assessment shall be prorated as of the date when said obligation first arose in proportion to the amount of the Assessment year or other period remaining after said date.

(C) Each unpaid Assessment together with such interest thereon and costs of collection thereof as hereinafter provided, shall be the personal obligation of the owner of the Lot against which the Assessment falls due, and shall become a lien against each such Lot and all Improvements thereon. The Association may enforce payment of such Assessments in accordance with the provisions of this Article.

7.02 Maintenance Fund. The Board shall establish a maintenance fund into which shall be deposited all monies paid to the Association and from which disbursements shall be made in performing the functions of the Association under this Declaration. The funds of the Association must be used solely for purposes authorized by this Declaration, as it may from time to time be amended.

7.03 Regular Annual Assessments. Prior to the beginning of each fiscal year, the Board shall estimate the expenses to be incurred by the Association during such year in performing its functions under the Restrictions, including but not limited to the cost of all roadway, median strip and right-of-way maintenance, the cost of enforcing the Restrictions, and a reasonable provision for contingencies and appropriate replacement reserves, less any expected income and any surplus from the prior year's fund. Assessments sufficient to pay such estimated net expenses shall then be levied as herein provided, and the level of Assessments set by the Board shall be final and binding so long as it is made in good faith. If the sums collected prove inadequate for any reason, including nonpayment of any individual Assessment, the Association may at any time, and from time to time, levy further Assessments in the same manner as aforesaid. All such regular Assessments shall be due and payable to the Association at the beginning of the fiscal year or during the fiscal year in equal monthly installments on or before the first day of each month, or in such other manner as the Board may designate in its sole and absolute discretion.

7.04 Special Assessments. In addition to the regular annual Assessments provided for above, the Board may levy special Assessments whenever in the Board's opinion such special Assessments are necessary to enable the Board to carry out the mandatory functions of the Association under the Restrictions. The amount and due date of any special Assessments shall be at the reasonable discretion of the Board.

7.05 Owner's Personal Obligation for Payment of Assessments. The regular and special Assessments provided for herein shall be the personal and individual debt of the Owner of the Lot covered by such Assessments. Except as otherwise provided in Section 7.01 (A) hereof, no Owner may exempt himself from liability for such Assessments. In the event of default in the payment of any such Assessment, the Owner of the Lot shall be obligated to pay interest at the highest rate allowed by applicable usury laws then in effect on the amount of the Assessment from due date thereof (or if there is no such highest rate, then at the rate of 1-1/2% per month), together with all costs and expenses of collection, including reasonable attorney's fees.

7.06 Assessment Lien and Foreclosure. All sums assessed in the manner provided in this Article but unpaid, shall, together with interest as provided in Section 7.05 hereof and the cost of collection, including attorney's fees as herein provided, thereupon become a continuing lien and

charge on the Lot covered by such Assessment, which shall bind such Lot in the hands of the Owner, and such owner's heirs, devisees, personal representatives, successors or assigns. The aforesaid lien shall be superior to all other liens and charges against the said Lot, except only for tax liens and all sums unpaid on a first mortgage lien or first deed of trust filed of record, securing in either instance sums borrowed for the acquisition or improvement of the Lot in question. The Association shall have the power to subordinate the aforesaid Assessment lien to any other lien. Such power shall be entirely discretionary with the Board and such subordination shall be effectuated by an officer of the Association, duly authorized by the Board. To evidence an Assessment lien, the Association may prepare a written notice of Assessment lien setting forth the amount of the unpaid indebtedness, the name of the Owner of the Lot covered by such lien, and a description of the Lot. Such notice shall be signed by an officer of the Association, duly authorized by the Board, and shall be recorded in the office of the County Clerk of Brazos County, Texas. Such lien for payment of Assessments shall attach with the priority above set forth from the date that such payment becomes delinquent, and may be enforced subsequent to the recording of a notice of Assessment lien as provided above, by the foreclosure of the defaulting Owner's Lot by the Association in like manner as a mortgage secured by a deed of trust on real property, or the Association may institute suit against the owner personally obligated to pay the Assessment and/or for foreclosure of the aforesaid lien judicially. In any foreclosure proceeding, whether judicial or not judicial, the Owner shall be required to pay the costs, expenses, and reasonable attorney's fees incurred by the Association. The Association shall have the power to bid on the property at foreclosure or other legal sale and to acquire, hold, lease, mortgage, convey or otherwise deal with the same. Upon the written request of any Mortgagee, the Association shall report to said Mortgagee the status of any Assessments relating to the Mortgagee's Mortgage and remaining unpaid for longer than thirty (30) days after due.

In the event, the Lot owner fails to pay such mowing charge, the Association may file a lien on such Lot.

8.05 Encroachment Easement. If any Improvement erected or reconstructed by Developer, a builder or by an Owner, with the approval of the Architectural Committee shall encroach Lot of an adjoining owner, the latter grants to the Owner of the Improvement an easement permitting the persistence of such encroachment.
